## Olefin Pre-Clean

Ideal for olefin fiber carpets usually found in offices, clinics, health care facilities, institutions and in many commercial buildings. Its high-grade detergents, solvents and amphoteric surfactants loosen soils adhering to fibers with a static bond plus sticky oils and greases that can cause yellowing and fiber discoloration. Can also be used on soot-damaged synthetic carpets, upholstery and light filtration soil issues.

### SPECIFICATIONS

- RTU pH: 10.0–10.4
- **Coverage:** 1 gal. makes up to 33 gals. of RTU solution for approximately 400 sq. ft. per diluted gal.
