

NextGen Replacement Glides for HOSS 700

NextGen glides optimize your HOSS 700 for use with truckmount and portable extractors. This kit includes two types of glides. The NextGen 1 glides provide smooth operation and thorough extraction on all carpet types and are designed to maximize the extraction capabilities provided by truckmounts. The NextGen 2 glides deliver outstanding performance with portable extractors. Glides can be changed out in just minutes with a screwdriver.
