## Spot and Stain Kit

The most complete and easy to use spot and stain removal kit – even includes dye and stain removers not included in other spotting kits! Standard size bottles makes it easy to replace them as they empty – no refilling hassle. Also includes trigger sprayers, terrycloth towels, and tamping brush, all packed in a durable shoulder bag. California customers click [here](#).

Review these [Tech Tips](#) for expert guidance on spot and stain removal.

### FEATURES

- The Spot and Stain Kit includes 7 spotter solutions, allowing you to tackle almost any spot or stain you're likely to encounter. Each bottle can be reordered from your distributor using the part number provided.
- [Professional Spot Lifter #119072 \(C-PSLCS\)](#): Go-to general purpose spotter fortified with Biosolv® citrus booster.
- [Rust Remover #112150 \(C-RRCS\)](#): Removes even the toughest rust stains.
- [Paint, Oil and Grease Remover "POG" #118517 \(C-POGCS\)](#): Quickly breaks down wet or dry paint stains, plus shoe polish, oil, and grease.
- [Liqua Gel with Biosolv #108132 \(C-LGCS\)](#): Quickly removes gum, tar, adhesives and oil spots.
- [Ink Exit #108098 \(C-IXITCS\)](#): Amazing water-based formulation makes ink and permanent marker disappear.
- [Stain Exit #113366 \(C-SECS\)](#): Fast acting one-part solution removes organic and natural dyes.
- [Red X It #113949 \(C-REDXITCS\)](#): Quickly removes synthetic dyes typically used in Kool-Aid, fruit juice and sports drinks.
- All items packed in a durable shoulder bag complete with two trigger sprayers, a terrycloth towel and a tamping brush.
