

Summit PTS Direct Drive

A complete redesign from the ground up, the Summit PTS delivers the superior performance, reliability and durability that have made Legend Brands the #1 selling manufacturer of truckmounts. Featuring proven components including stainless steel finned-tube coil heat exchangers to pull heat from the blower, a flat plate engine coolant heat exchanger, Gardner Denver blower and General pump, the Summit is easy to operate and delivers reliable heat and exceptional durability.

FEATURES

- 10-year NATIONWIDE limited warranty—a first for van-powered truckmounts and your assurance of quality.
- Superior heat and control for carpets, upholstery and tile cleaning.
- Legend Brands reliability coupled with direct-drive simplicity.
- Exhaust components treated with Cerakote® coating to reduce internal van temperatures.
- Constant-velocity cooling fan helps keep van components cooler.
- General pump with high temp seals, electric clutch and fully adjustable pressure settings.
- Built-in prefilter box and easily accessible vacuum hose connections.
- Service readily available by the industry's largest national network of trained and authorized service centers.

SPECIFICATIONS

- **Compatible van models:** Chevy/GM 6.0 liter vans
- **Vacuum pump:** Gardner Denver 408TL
- **Solution pump:** General pump—fully adjustable up to 1200 PSI and 5 GPM
- **Chemical injection system:** Last step injection
