

PROCHEM.

Tile and Grout Rinse

When a plain hot water rinse won't properly remove cleaning solution residues and emulsified soils, this product provides a truly clean finish. This mild pH, low-foaming cleaning agent is formulated with strong detergents and surfactants, resulting in better penetration and cleaning of manufactured tile and grout, vinyl, vinyl composition tile (VTC), cement, brick and most natural stone surfaces. Can also be used as a daily or maintenance cleaner for mopping or in a floor scrubber.

SPECIFICATIONS

- RTU pH: 7.0–7.5
- **Coverage:** 1 gal. makes up to 65 gals. of RTU solution for approximately 400 sq. ft. per diluted gal.
- **Dilution floor scrubber or mop bucket:** 2–4 oz. per gal. of water
- **Dilutions truckmounts:** 1 qt. per 5 gals. of water

SIZES ▪ OPTIONS

- **101030 (8.695-471.0):** Four 1 gal. / 3.8 L bottles
