

Wide Range Cleaner (D488)

Multi-use cleaner for a wide variety of hard surfaces

FOR PROFESSIONAL USE ONLY

Use for many applications, from general-purpose cleaning to restoration cleaning

APPLICATION: Hard Surface Care

DESCRIPTION

Wide Range Cleaner is a multi-use cleaner for a wide variety of hard surfaces. It is formulated with a restoration-strength blend of high-alkaline surfactants and solvents to cut through the toughest grease, oil and grime on walls, countertops and hard flooring surfaces such as tile, most natural stone, most brick and concrete, vinyl and vinyl composition tile (VCT). Can be used for a variety of restoration cleaning jobs – from floors to most dishes! It is the general-purpose cleaner for everything from light routine cleaning to the heaviest fire restoration and industrial cleanup.

FEATURES

- Heavy-duty formula removes the toughest oily and greasy soils
- General-purpose cleaner solves a wide variety of cleaning problems
- Simple to use - one cleaner does many cleaning jobs
- Non-flammable product cuts grease and oil safely

WHERE TO USE

Light cleaning: Routine cleaning on floors, walls, appliances, shelves, other hard surfaces.

General cleaning: Removes greasy soil from floors, kitchen counters, sinks, ranges and hoods, painted walls, ceramic tile, many other surfaces.

Heavy-duty cleaning: For fire restoration and heavy degreasing on walls, floors, ovens and stoves, industrial floors, driveways and garages, engines and machinery. Removes floor finish.

Painting prep: Heavy-duty cleaning dilution rate removes soil, etches paint surface in preparation for re-painting.

Olefin carpet restoration: Can be beneficial for salvage cleaning situations as a pre-spray on solution-dyed olefin carpets. PRE-TEST FIRST to determine dye stability and fiber compatibility. NOT RECOMMENDED for general carpet cleaning or use on other types of carpets.

USE DILUTION:

Light cleaning: 1–4 oz. / gal.

General cleaning: 4–8 oz. / gal.

Heavy-duty cleaning: Up to 32 oz. / gal.

USE DIRECTIONS:

Pre-test: Pre-test in an inconspicuous location. Not recommended for use on wood, aluminum, most carpets, fabrics, or other delicate surfaces. Use with caution on painted surfaces, plastics, "no-wax" resilient floors.

Mixing:

Light cleaning: Mix 1 to 4 ounces per gallon of water.

General cleaning: Mix 4 to 8 ounces per gallon of water.

Heavy-duty cleaning: Mix up to 32 ounces with water to make one gallon.

Cleaning:

Apply and scrub to remove soil. Always rinse with water after cleaning.

COVERAGE: Makes up to 129 ready-to-use gallons. One ready-to-use gallon cleans approximately 200 - 400 square feet. Coverage will vary depending on soil level and porosity of surface being cleaned.

USAGE TIPS:

- Use hot water for more effective cleaning on greasy soils.
- Keep package closed to retain maximum performance.
