# Carpet Cleaner and Rinse

Clean without the use of synthetic surfactant chemistry! This product turns all soils and surfactant residues into free-rinsing soaps for fast, complete removal.

Use in low moisture cleaning systems and with portables and truckmount extraction equipment. Works great as a prespray and low moisture cleaner for light to moderately soiled carpeting. For heavier soils, use as an emulsifying rinse after cleaning with One Earth Carpet Cleaner and Prespray. Safe for use on wool and stain-resist carpeting.

## SPECIFICATIONS

- Form: Liquid
- RTU pH: 10.0
- Storage and transport: Protect from freezing

## SIZES ▪ OPTIONS

- 109495 (C-DFC1054G): Four 1 gal. / 3.8 L bottles
