

## Dry Cleaning Compound (B137)

Blended dry-cleaning solvent

FOR PROFESSIONAL USE ONLY

### For on-location fine fabric and drapery dry-cleaning

**APPLICATION:** Dry Cleaning

#### DESCRIPTION

Dry Cleaning Compound is a blended dry-cleaning solvent for on-location fine fabric and upholstery cleaning. Fresh clean fragrance reduces solvent odors during and after cleaning. Contains a premium blend of gentler detergents for more effective soil removal. Can be used on most wool, silk, cotton, and other delicate fabrics. For use in designated solvent cleaning machines designed for use with 120° F / 48° C flash point solvents. Not available in California.

#### FEATURES

- Blended dry-cleaning solvent for on-location fabric cleaning.
- For use in designated solvent cleaning machines designed for 120° F flash point solvents.
- Fresh clean fragrance reduces solvent odors during and after cleaning.
- Contains detergents for effective sweet soil removal.

#### WHERE TO USE

On-location solvent cleaning using designated solvent cleaning machines designed for 120° F / 48° C flash point solvents.

**USE DILUTION:** Ready to use. Do not dilute

#### USE DIRECTIONS:

**Pre-test:** Pre-test cleaning process in an inconspicuous location.

**Mixing:** Ready-to-use, no mixing required.

#### Cleaning:

**Solvent cleaning machine process:** Use only in designated solvent extraction cleaning machines designed for 120° F flash point solvents. Follow machine instructions for cleaning process and safety precautions. Dispose of used solvent properly in accordance with local, state and federal regulations.

**Hand process:** Spray onto fabric, allow short dwell time. Heavily soiled areas may be brushed with upholstery brush to improve cleaning. Towel off soil using a clean white absorbent towel. Allow used towels to dry in open air, or store in air-tight fireproof container until laundered, to prevent spontaneous combustion.

#### COVERAGE:

One gallon cleans approximately 400 square feet. Coverage will vary depending on soil level and thickness and absorbency of fabric.

#### USAGE TIPS:

Follow cleaning machine manufacturer's instructions, specifications, and safety precautions. Dispose of used solvent properly in accordance with local, state, and federal regulations.
