

CHEMSPEC

Crystal Defoamer

Instantly defoam your wet vacuum and extraction systems. Foam suppression helps to protect your extraction equipment from damage and ensures maximum vacuum performance during cleaning and extraction. Mix and add to waste tanks to instantly combat foaming, or add to hoses to control foaming from cleaning solutions and previous cleaning residues.

SPECIFICATIONS

- Form: Powder
- RTU pH: 5.5

SIZES • OPTIONS

- 104177 (C-CD32): Four 8 lb. / 3.6 kg jars
