

CHEMSPEC

Floor Cleaner

This daily-use surfactant-free general purpose product can be used to clean a variety of surfaces including glass, windows and other hard surfaces as well as floors. Contains no surfactants or other synthetic ingredients that can leave sticky residues on cleaned surfaces. Also does not contain any VOCs which can be released into the indoor air when cleaning. This product does not affect the shine on floors, and can be used for wet floor mopping and auto scrubber applications.
