## Fine Fabric Detergent

A liquid extraction agent designed specifically for use with truckmounts and portables, Fine Fabric Detergent is powerful enough to be used for one-step or two-step hot water extraction cleaning processes, yet gentle enough for most natural and delicate fabrics. New generation polymer technology encapsulates soils and prespray residues for maximum soil removal with minimal residues.

### SPECIFICATIONS

- RTU PH: 8.4

### SIZES ▪ OPTIONS

- 101313 (8.695-015.0): Four 1 gal. / 3.8 L bottles
